

CORKCICLE®

Experience wine at the perfect temperature every time.

Are you looking for a last minute gift? There's still time to order for the holidays!

Keeping your wines at just the right drinking temperatures—it's a great dilemma. Too cold and it could mask the vintner's uniquely crafted complexities. Too warm and the flavors may take a back seat to the alcohol. The answer to this perplexity?

Corkcicle.

Lose the bucket

Buckets of ice frequently make your wine much too cold, plus they're messy and a hassle.

Whites and Reds

Corkcicle helps maintain optimal drinking temperatures for both white and red wines.

Use again and again

Don't throw it away. Just give it a wash and use it again. Non-toxic and BPA-free
