Movie Ticket Cards

Movie Ticket cards are a great way to promote your brand with a powerful, exciting incentive that can be used at more than 1,300 movie theaters nationwide. Last year, more than 2-hundred million Americans flocked to the silver screen.

Movie Ticket cards feature brilliant 4 color process printing and are completely customized to fit your branding and marketing message. Once you have distributed your movie ticket cards, your customers simply go online to choose a film and redeem their tickets. They can even print their tickets out at home, saving them valuable time and avoiding lines and sold out movies.

HOW IT WORKS:

1) Visit the website listed on the back of the card.

2) Choose the film, time & location you want movie tickets for.

3) Print your tickets or pick them up at the theater. ENJOY THE SHOW!

How To Order
